

Southern Dance

Class Awards

PLEASE READ BELOW ON HOW THE DAY WORKS & RUNS, PLEASE REMEMBER EVENT SPECIFIC INFORMATION IS EMAILED DIRECTLY TO YOU 4 WEEKS PRIOR TO THE EVENT, BELOW IS EXAMPLES ONLY.

Welcome to Southern Dance Class Awards. An exciting new 1 day event takes place in multiple locations in the south of England.

Our aim is to create a friendly dance environment in which young performers can showcase their core technique and talents which is accessible for all dancers, from any dance school. The dancers can also be studying any syllabus of the subjects. The core subjects we will either have are Ballet, Jazz, Tap, Contemporary, Commercial or Lyrical (This will vary event to event)

The events are open to dancers age 7-17 years, which will be split into age categories for competing in the dance subjects. We will have the heats, semi finals & finals all in one day! - Plus a trophy & medal presentation!

After our high energy group warm up! The competition will be a class environment, in which the dancers will be taught a short sequence, the adjudicators will then select the dancers to carry on to the semi finals and the finals. This will take part one genre at a time.

We will also be running a FREE workshop alongside the dance class competition in a separate studio age 12-17years workshops will be in the morning session & age 7-11years workshops will be in the afternoon.

So it really is a jammed packed day full of dance!

Spectators are encouraged to come and watch the class competition, however, due to space and allowing the dancers to let go a little we will not be having spectators for the workshops.

Why Southern Dance Class Awards?

We have found students tend to perform better when they have a crowd of their friends supporting them! Spectator tickets must be bought in advance as we need to know numbers & can't guarantee there will be any left on the door. However we aim to make this a fun friendly event & in no way a battle between schools

I have been running a successful traditional dance festival in Petersfield for 6 years now we are expanding each year due to the amount of entries and we pride ourselves on the

reputation we have for encouraging new talent with our novice & open sections and nurturing existing talent by giving helpful advice in adjudication & ensure the festival is a welcoming, friendly place to be, we very much have that in mind when creating our new events.

So a little insight into Southern Dance Class Awards, there are many reasons I decided to set up a competition of this style

- We found in adjudicators comments at our dance festival their main point was technique, to be able to sustain technique whilst giving a performance, we decided to make this the main focus of our new event by taking dancing back to the classroom.
- No pre-prepared choreography is needed! No private lessons & No added pressure to teachers! The point of our event is to show off the technique the dancers have learnt in their classes. Whether it be their core ballet tap & jazz or experiencing other genres of commercial, contemporary & lyrical dance. We aim to support the dance teachers by helping to install all the advice & guidance you have given your students. Plus no costumes to sort or CD's to be burnt!
- Preparation for auditions. The students will be taught in age appropriate groups a short sequence of ballet, tap and jazz or contemporary, commercial & lyrical. The aim of this is to improve their picking up skills which are vital when auditioning in the future, plus it helps when picking up choreography for show work!
- Once the students have been taught the sequence they will then be seen in smaller groups, the judges will then pick dancers to go on to semi-finals & finals of that genre in that age group.
- At the end of the day we will then have 1st 2nd & 3rd medal place for each genre plus 4th & 5th place runner up. Each age group winning trophies & medals. All other competitors will receive a certificate of attendance.
- We don't want any dancer to feel disheartened if they don't make it through to semi-finals & finals which is why we are also adding a FREE workshop to the day. In the past we have had Commercial, Contemporary, Body Conditioning, technique & west end workshop - depending upon event. Timetabling will mean all dancers can take part. These will be taught by industry professionals.

We have had a lot of messages asking if it essential to participate in all genres with the main concern being tap (if this is included in that particular event). We do encourage all students to participate in all genres as a professional dancer students need to be a well rounded performer. However we also realise how unfair it would be to ask a student to compete in a genre they have never studied. If this is the case they may be excused from the tap section. This is the only section we would allow students not to compete in, but we must be notified beforehand. This would also take them out of the running of winning the all round performer trophy.

The level of each section will be appropriate for the age group, we can not specify a grade due to including all syllabus's that can be studied. Our teachers are very experienced in teaching all ages, the sequences will be suitable for the age group.

Awards

In our awards ceremony at the end of the day, trophies (to keep) will be given to the winners of each age group for each genre. Additional trophies will also be awarded for all round performers.

2nd & 3rd Place will receive medals for each age group in each genre. All participants will receive a certificate of attendance to be collected from the registration desk on your way out.

What to wear?

We love colour! In an audition you are easier to identify when wearing something which the panel will remember, rather than a sea of black leotards. Participants will be wearing their number for each genre. Hair needs to be off the face for all genres, a classical style is preferred for ballet. Light day makeup may be worn on older students. We are happy for you to make your own judgement with regards to tights, however we do advise this for older students.
